**THE NATIONAL BLACKSMITHS COMPETITION COMMITTEE CONDITIONS GOVERNING THE
CHAMPION BLACKSMITH OF THE YEAR COMPETITION FOR STATIC FORGINGS AND THE BEST
BLACKSMITH OF THE YEAR COMPETITION FOR LIVE FORGINGS**

1. The awards will be given annually.
2. The qualifying heats for the awards are restricted to shows that have shown evidence of a high standard in exhibitions and competitions, and are authorised by the NBCC committee.

AT PRESENT THE FOLLOWING SHOWS HAVE QUALIFIED: -

The Royal Welsh Show	The Edenbridge and Oxted Show
The Royal Bath and West Show	The Three Counties Show
The Devon County Show	The North Somerset Show
The New Forest and Hampshire Show	The Dorset County Show
The Royal Cornwall Show	The South of England Show

3. Shows taking part in the qualifying heat must select at least one judge from the selection, for the forthcoming year, of the three or four nominated by the Judges Appointment Panel. If any of these judges are not acceptable for that specific show, then they may, in consultation with the Judge Appointments Panel invite another accredited judge to judge their show. The judge/s selected will act as the final arbiter/s of the winners of that heat for both awards.

Judges are only permitted to judge at one qualifying show. Should that judge preside at more than one show, the results will not count towards the Champion and Best Blacksmith Awards. Reserve regional judges are available through the Judge Panel Secretary, (Ms W. Alford) for emergency situations.

The marking system and cards issued by the NBCC in conjunction with the Worshipful Company of Blacksmiths must be used by all judges assessing competition entries.

4. At shows where there are more than one class for which blacksmiths may enter their pieces, the following procedures are to be adopted.

The Show Champion Blacksmith will be selected by re-marking all the exhibits winning first place in different classes using marking sheet from those used for the individual classes.

The Reserve Show Champion Blacksmith will be selected by judging the exhibit gaining second prize from Show Champion's class together with the exhibits gaining first place in the remaining classes.

5. Points will be awarded at each of the authorised shows as follow:~

Show Champion	10 points
Reserve Show Champion	4 points
Show Best Blacksmith	10 points
Reserve Best Blacksmith	4 points

Competitors may enter more than one piece at a show but all the entries must be judged and marked individually. Marks for several entries will not be averaged or aggregated.

6. The Blacksmith resident in the UK gaining most Show Champion points will be declared the Champion Blacksmith of the Year.

The Champion Blacksmith of the Year will be awarded a challenge trophy that they hold for a year, a plaque and a certificate to keep as a permanent reminder, and a cash prize. In addition the runner up will be awarded a plaque and a cash prize.

The Champion Live Blacksmith (for the hot forging competition) will be awarded a plaque and a cash prize. The runner up will also receive a plaque and a cash prize.

The winning piece or pieces of the Champion Blacksmith are not eligible for a National Blacksmith Competition award again.

All these prizes will be presented at the Awards Lunch of the Worshipful Company of Blacksmiths in October. The trophy for the Champion Blacksmith must be returned to the Learned Clerk of the Worshipful Company by the 1st of October in the following year.

7. Secretaries (or their appointed steward) of the qualifying shows must ensure that the marking cards, complete with competitors' names, and the classes' descriptions, are sent as soon as possible after the show to the NBCC Secretary (Mr Keith Mahoney). Photographs of the winning exhibits should be included. The NBCC secretary will inform the WCB's Clerk of the show's Static competition Champion and Reserve, the prize payments of £200 for the Show Champion, and £100 for the Reserve Champion, will be sent directly to them from the Worshipful Company.

N.B. If these results are not returned to the NBCC secretary, they will not be included in calculating the overall winners of the competition.

IT IS VERY IMPORTANT THAT THEY ARE RETURNED AS SOON AS POSSIBLE

The results received by the Secretary will be tabled and presented to the Committee at the Autumn AGM to establish the winners and runners up. The full results will then be submitted to the Worshipful Company of Blacksmiths.

In the event of a tie in the table of marks to find the National Champions, three qualified judges from, or appointed by, the NBCC will deliberate on the tied entries to come to a definitive decision. If the winning exhibited pieces are not available to be examined, then the judges will consider the relevant marks on the Show Marking Cards that have been returned to the NBCC secretary. Alternatively it has been established that in a tie situation, the Worshipful Company may at their discretion award the competitors who are concerned equal honours.

The aim of the awards is to promote blacksmithing and to encourage other shows to hold wrought ironwork competitions and to apply to join the circuit.

NODYN ARBENNIG / SPECIAL NOTE

The Wrought Ironwork Competitions are designed to give craftsmen an opportunity to gain a National Award at the Royal Welsh Show. The competitions are open to any craftsmen who have already completed commissioned work or who are willing to make any items in time for the Show. The RWAS will make arrangements to display the exhibits for four days at THE GUILD OF WROUGHT IRONWORK CRAFTSMEN IN WALES EXHIBIT - BLACKSMITHS' STAND.

BEIRNIADU / JUDGING

The judging will take place on Monday, July 21 at 8.00 a.m. and Live Competitions will take place on Thursday 24 July, 2014 starting at 10.00 am. at the GUILD OF WROUGHT IRONWORK CRAFTSMEN IN WALES EXHIBIT - BLACKSMITHS' STAND.

The Competition pieces will be judged to the following criteria:-

Marks	Heading	Description
15	Forging	The range and difficulty of techniques used e.g. Drawing down, upsetting, spreading, blocking, shaping, fullering and swaging; the accuracy and proficiency with which they have been carried out.
15	Forming	The range and difficulty of techniques used e.g. Bending, twisting, scrolling dishing, raising, and repousse work; the accuracy and proficiency with which they have been carried out.
10	Cutting	The range and difficulty of techniques used eg, cutting, chiselling, punching, chasing, drilling; the accuracy and proficiency with which they have been carried out.
