

FEBRUARY 2012

EXTRA SOUND FAMILY

From the moment the Kings Plate Extra Sound was first introduced, it has been top of the line of race plates available in the market to this day.

Top trainers & farriers worldwide prefer this race plate above all others, because of the comfort to the horse, which significantly contributes to its success.

The Kings Plate Extra Sound has truly become the "Godfather" of an entire Extra Sound family.

Featuring all the benefits of the original Kings Plate Extra Sound, such as the wider heel section for more cover and support, the patented sole relief to reduce pressure to the sole and the unique scooped concave section for better grip, the Royal Kerckhaert Horseshoe Factory is proud to introduce the newest additions to the Extra Sound Family:

- Super Sound
- Fast Break ES
- Safety Trackx ES

SUPER SOUND**KEY FEATURES**

- Slight broader web for better cover and support
- Extra beveled toe to improve break-over
- Super pitch plus® in the first 3 nail holes for stronger nailing
- Wider heels for a perfect balance
- Subtle elevation of the heels to reduce stress on the tendons & ligaments
- Evolved concave section for more traction and to provide more support at the quarters
- *The ultimate 21st century plate!*

MORE INFO**FAST BREAK ES****KEY FEATURES**

- Flatter and shorter toe for maximum break-over
- Perfect for horses with a long toe/low heel conformation
- The bevels on the toe and quarters allow the horse to follow its own rollover direction
- The special toe design & subtle elevation of the heels reduce strain on flexor tendons & ligaments
- Wider heels for perfect balance and support
- Same section like Kings Plate Super sound

MORE INFO**SAFETY TRACKX ES****KEY FEATURES**

- Unique design to improve grip and performance
- Safe and non protruding plate
- Reduces the risk of slipping in, particularly, round corners
- Perfect alternative for toe grab plates
- Rimmed cross section keeps the nails level to the plate
- Evolved aluminum alloy for improved wear whilst maintaining the flexibility of the plate
- The safest plate available both for horse and jockey

MORE INFO**LIBERTY NAILS****ABOUT LIBERTY**

Nail making has always been a traditional process, made on long serving machines to standards developed generations ago.

The Liberty Nail has blown that tradition away by using the latest computer controlled machines which produce nails at a much higher level of consistency, and using the very latest high quality material, superior to what has been used before.

Liberty Nail; the combination of advanced materials, modern computer controlled production and the highest quality control, results in a nail which professional farriers worldwide are now using, choosing to go with the best nail on the market.

The quality of the Liberty Nail is also found in the detail of the design. The features which you find in the edges of the head, the blade and the point are only possible because of the brand new machines making the Liberty nails and the attention to every aspect of the production.

The Liberty nails are now being made in an ever increasing range of styles and sizes, all designed to fit perfectly into Kerckhaert horseshoes.

If your looking for a nail which is consistently superior, try Liberty Nails, we're sure you will be satisfied.

MORE INFO**MERCURY RASPS****MERCURY RAPS**

All the time, the Mercury factory works to make a rasp which farriers choose to use. The Mercury Rasp is now sold in many countries around the world and has the reputation of a high quality rasp.

- A sharp rasp, which makes trimming easy
- A rasp with a long life
- A which gives a good finish
- A rasp with crisp edges for clenching up
- A rasp which is consistent in quality
- A rasp which gives excellent value for money

The Mercury is a proven "grade A" rasp!
